Oregon State Police might find at least one reason to be suspicious of the tragic scenario that he was creating. He didn't know much about the technology that police might employ at a crime scene, and he knew even less about forensic pathology. He was just doing the best job he could..Onto its roof now, the Pontiac spun as it slid, grinding loudly against the blacktop, and regardless of how determinedly Agnes held on, she was being pulled out of her seat, toward the inverted ceiling and also backward. Her forehead knocked hard into the thin overhead padding, and her back wrenched against the headrest.."I don't stumble. Not much, anyway." To the girl, Bartholomew said, "Angel, are you okay?". A sudden strange weakness, a formless dread, dropped Agnes out of her crouch and onto her knees beside the boy..A quick review of these book spines revealed that the treasured Zedd collection wasn't here..Wally's own house was in the same neighborhood, a block and a half away, a three-story Victorian gem that he entirely occupied..Vanadium's wounds were too grievous to pass for accidental injuries. Even if there were some way to disguise them through clever staging, no one would believe that Victoria had died in a freak fall and that Vanadium, rushing to her side, had slipped and tumbled and sustained mortal head injuries, as well. Such a strong whiff of slapstick would put even the Spruce Hills police on to the scent of murder..Harrison was a Baptist, Vanadium a Catholic, and although they approached the same faith from different angles, they weren't coming to it from different planets, which was the feeling Vanadium had been left with following their conversation. It was true that Enoch Cain could never be brought successfully to trial for the rape of Phimie, subsequent to her death and in the absence of her testimony. And it was also uncomfortably true that exploring the possibility that Cain was the rapist would tear open the wounds in the hearts of everyone in the White family, to no useful effect. Nevertheless, to rely on divine justice alone seemed naive, if not morally questionable..Ministering to Perri, Joshua had pulled back her blankets. The fabric of the pale yellow pajama pants couldn't disguise how terribly withered her legs were: two sticks..From serviceway to alley to serviceway to street, into the city and the fog and the night, Junior ran from the Cain past into the Pinchbeck future..The reverend couldn't easily escape church obligations on such short notice, but Grace wanted to be with her daughters. Phimie, however, pleaded that only Celestina accompany her..murdered would be discounted. And if every death was suspicious to him, then he would quickly lose interest in Junior and move on to a new enthusiasm, harassing some other poor devil..A knife already lay on the counter nearby. He used it to slice four pats of butter, yellow and creamy, each half an inch thick, off the end of the stick..As Sinatra began to sing "I'll Be Seeing You," Junior stepped around the bloom and the Merlot. He cautiously peeled back two inches of the curtain at one of the sidelights.."Wally gave her tests. She's got an exceptional understanding of color, spatial relationships, and geometric forms for a child her age. She may be a visual prodigy". Posing as a counselor with Catholic Family Services, he phoned each listed Bartholomew, with a question related to his or her recent adoption. Those who expressed bafflement, and who claimed not to have adopted a child, were generally stricken from his list..WHEN A GLASS OF chilled apple juice at dawn stayed on his stomach, Junior Cain was allowed a second glass, though he was admonished He was also given three saltines..When people didn't apply themselves to positive goals, to making better lives for themselves, they spent their energy in wickedness. Then."Yellow, yellow, yellow, yellow," Angel said with satisfaction as she examined herself in the mirrored closet door..Fortunately, just as he was about to declare his gut feelings to his superior and risk dismissal, he saw his potential patient. At fifteen, Seraphim was breathtakingly beautiful, in her own way as striking as Naomi, and instinct told Junior that the chance of being physically or morally polluted by her was negligible..Perhaps the paramedic had given him an injection, a sedative. the howling ambulance rocked along on this most momentous day, Junior Cain wept profoundly but quietly--and achieved temporary peace in a dreamless sleep..Now, if Victoria reported to Vanadium that Junior had shown up at her door with a red rose and a bottle of Merlot and with romance on his mind, the demented detective would be on his ass again for sure. Vanadium might think that the nurse had misinterpreted the business with the ice spoon, but the intent in this instance would be unmistakable, and the crusading cop-the holy fool-would never give up..By the time the family was ushered out, protesting, at the end of evening visiting hours, Junior hadn't succumbed to their pressure. If his conversion was to appear convincingly reluctant, he would have to resist them for at least another few days..Even the Shantung-softened lamplight blazed too bright and did not serve her well, so she switched it off and said, "Scoot over.". This humble house wasn't where you expected to hear an elaborate custom doorbell-or even any doorbell at all, since knuckles on wood were the cheapest announcement of a visitor..Junior didn't make the mistake of thinking that Magusson's new conciliatory attitude meant they were friends, that confidences could be shared or truths exchanged. The money-grubbing toad's only real friend would always be the one he saw in a mirror. If he discovered that Junior was having a great time post-Naomi, Magusson would store the information until he found a way to use it to his advantage..Celestina threw down the weapon even before she turned, and as two cops entered the room, she cried, "He's getting away!". THE CRISP CRACKLE of faux flames, the way they made them in the days of radio dramas, back in the 1930s and '40s, when he was a boy: cellophane..Frowning at him, she said, "You don't mind them around, do you, Joey? They're eccentric, but I love them very much..Hound smiled. "They haven't undone what you did yet, either," he said. "Old Whiteface was crawling all over her yesterday, growling and muttering. Ordered the helm replaced." He meant Losen's chief mage, a pale man from the North named Gelluk, who was much feared in Havnor..Shopping for fashion accessories relaxed Junior. He spent a few hours browsing for tie chains, silk pocket squares, and unusual belts. Riding the up escalator in a department store, between the second and..In spite of his dumpy appearance-and especially in the dark, where appearances didn't count-Vanadium had the aura of a mystic. Although Junior didn't believe in mystics or in the various unearthly powers they claimed to possess, he knew that mystics who believed in themselves were exceptionally dangerous people..He didn't pause to lock the house behind them. Bright Beach, in 1965, was as free of criminals as it was untroubled by lumbering brontosaurus..To buy as much time as possible while Enoch Cain's assault was still fresh in Celestina's mind, Tom proposed that they remain hidden away for another two weeks, unless the killer was apprehended sooner. "Then if you go to Wally's

house from here, you'll want to install the best alarm system you can get, and you should lead a restricted life for quite a while, even hire security if you can afford it. The smartest thing would be to move out of San Francisco as soon as Wally's recovered. He retired young, right? And a painter can paint anywhere. Sell the properties here, start over somewhere else, and make the move in such a way that you can't be easily traced. I can help you work that out." One manly woman. Several womanly men. But no blocky figure that could have been the crazed cop even in disguise. Convinced he was alone and unobserved, Junior leaned into the car and shifted it out of park. He released the hand brake. Without commenting, Tom continued: "And worlds just like ours—except that my parents never met, and I was never born. Worlds in which Wally was never shot because he was too unsure of himself or just too stupid to take Celestina to dinner that night or to ask her to marry him." The longer they were required to lie low in fear, the more likely Celestina would be to cast caution aside and return to Pacific Heights, Tom knew her well enough to be sure that she was a fighter rather than a runner. Being in hiding frustrated her. Day by day, hour by hour, with no target date for resuming a normal life, she would quickly lose patience. Rubbed raw, her dignity and sense of justice would compel her to act—perhaps more out of emotion than out of reason. From the far end of the table, Agnes said, "For starters, Tom, we all want to hear about the rhinoceros and the other you." The rocking chair stopped squeaking under her. She heard the sincerity in Vinnie's voice, and as her disbelief dissolved, she was shocked into immobility. She whispered, "My little superstition." He ran gasping, praying, feet slapping the concrete sidewalk, frightening birds out of the purple brightness of blossom-laden jacarandas and out of Indian laurels, terrorizing a tree rat into a lightning sprint up the bole of a phoenix palm. The few people he encountered reeled out of his way. Brakes shrieked as he crossed intersections without looking both ways, risking cars and trucks and rhinoceroses. "I've always wanted to learn the piano myself," Junior claimed, "but I guess you really have to start young." "But what made you choose that life? You must have committed to the seminary awfully young." Aware of the dangers of dehydration, he drank a bottle of water and put two half-gallon containers of Gatorade in the Suburban. After a while, he dared to crack his eyelids. Pressing against his eyes was a blackness as smooth and as unrelenting as any known by a blind man. Not even a ghost of light haunted the night beyond the window, and the slats of the venetian blind were as hidden from view as the meatless ribs under Death's voluminous black robe. He drove his yellow-and-white 1955 Ford Country Squire station wagon. He'd bought the car with some of the last money he earned in the years when he had been able to hold a job, before his ... problem. According to Helen, more than half the paintings had been sold by the close of the reception, a record for the gallery. With the exhibition scheduled to run two fall weeks, she was confident that they would enjoy a sellout or the next thing to it. With a thin hiss of disgust, Junior pulled away from the thing, whatever it was, withdrew the flashlight from his belt, and listened intently for sounds in the alleyway. No voices. No footsteps. Only distant traffic noises so muffled that they sounded like the grunts and groans and low menacing growls of foraging animals, displaced predators prowling the urban mist. Initially, when told that his patient was a Negro, Junior had been reluctant to serve as her physical therapist. Her program of rehab required mostly structured exercise to restore flexibility and to gain strength in the affected limb, but some massage would be involved, as well, which made him uncomfortable. The next thing he knew, he was at the kitchen sink, turning off the water, which he couldn't remember having turned on. He appeared to have washed the bloody candlestick—it was clean—but he had no recollection of this bit of housekeeping. Sitting on a stool at the counter, he ordered a cheeseburger, coleslaw, french fries, and a cherry Coke. "I'm sure you would be, yes, but I'm afraid I don't have the patience to teach, I'm a performer, not an instructor. I suppose I could give you the name of a good teacher." Slowly rotating his raised hands before his eyes, as if he saw them young and supple-fingered, the magician described the amazing manipulations that a master card mechanic could perform. Though he spoke without flash or filigree, he made these feats of skill sound more sorcerous than hares from hats, doves from scarves, and blondes bisected by buzz saws. She lay beside her boy in the darkness, gazing at the covered window, where the faint glow of the moon pressed through the blind, suggesting another world thriving with strange life just beyond a thin membrane of light. She was sopping, shivering. Water streamed from her soaked hair, down her face, as she wiped at her beaded eyelashes with one dripping hand. Maria's face gathered into a frown, like a piece of brown cloth cinched by a series of whipstitches. "Six lessons." Angel, however, focused on a point in the air above the table. Faint furrows marked her brow for a moment, but then the frown gave way to a smile. Barty never cried. In the hospital neonatal unit, he'd been a marvel to the nurses, because when the other newborns were squalling in chorus, Barty had been unfailingly serene. She started to get up from the chair behind the desk, but he encouraged her to stay seated. During the past ten days, he'd proved that he was clever, bold, with exceptional inner resources. He needed to tap his deep well of strength and resolve now, more than ever. He'd been through far too much, accomplished too much, to be brought down by mere biology. "Maria brought that from Mexico," Barty said. "She thought it was pretty funny. So do I. It's a hoot. Mom says it isn't really blasphemous, because it wasn't meant to be by the people who made it, and because Jesus would want you to have cookies, and, besides, it reminds us to be thankful for all the good things we get." Switching on the windshield wipers, Joey said, "That's the first time I've ever heard you admit that either of your brothers is odd." Wally switched off the engine and killed the headlights. "Home, where the heart is." By the time he ordered cr?me brulee for dessert, he was able to laugh at himself. Had he expected to see a ghost enjoying a cocktail and free cashews at the bar? If blood tests revealed that Junior wasn't the father, Vanadium would have a motive. It wouldn't be the right motive, because Junior truly hadn't known either that his wife was pregnant or that she was possibly screwing around with another man. But the detective would be able to sell it to a prosecutor, and the prosecutor would convince at least a few jurors. Any reasonable person would agree that the line between legitimate and harassment was hair-thin. "A friend's daughter. They say she died in a traffic accident down in San Francisco. She was even younger than Naomi." Later, at home in bed, after Nolly proved the value of oysters, he and Kathleen lay holding hands. Following a companionable silence, he said, "It's a mystery." When all were gathered on the porch, lined up across the head of the steps and along the railing, in chill damp air that smelled faintly of ozone and less faintly of jasmine, Barty said, "Mr. Vanadium, your quarter trick is really cool. But here's something out of Heinlein." Her hands were locked together in her lap, gripped so tightly for so long that the muscles in her forearms ached. "What's wrong?" Junior didn't care which explanation was correct. Only one thing mattered: The Bartholomew hunt was at last nearing an end. On Wednesday, December 27, Junior met Google, the document forger, in a theater, during a matinee of Bonnie and Clyde. "September 20, 1902, Birmingham, Alabama, church fire—one hundred fifteen dead. March 4, 1908, Collinwood, Ohio, school fire, one hundred seventy-six dead." Only one member of the distant funeral party did not disperse toward the line of cars on the service road. A man in a dark suit headed downhill, between the headstones and the monuments, directly toward Naomi's grave. Yet for all his love of reading and of

music, events suggested that for mathematics he had a still greater aptitude..This unflinching consistency of packaging enables card mechanics, professional gamblers, sleight-of-hand magicians-to manipulate a new deck with confidence that they know, starting, where every card can be found in the stack. An expert mechanic with practiced and dexterous hands can appear to shuffle so thoroughly that even the most suspicious observer will be satisfied-yet he will still know exactly where every card is located in the deck. With masterly manipulation, he can place the cards in the order that he wishes, to achieve whatever effect he desires..After using a paring knife to section and core an apple, Paul withdrew a sheet of stationery from his desk and uncapped a fountain pen. His penmanship was old-fashioned -in its neatness, as precise and appealing as fine calligraphy. He wrote: Dear Reverend WhiteNow, the hateful music unnerved him. He became convinced that if he went home alone, the phantom chanteuse-whether Victoria Bressler's vengeful ghost or something else-would croon to him once more. He wanted company and distraction, after all.. "Peach, raisin, walnut pies," Agnes said, "with regular bottom crust and a chocolate-crackle top crust."..As he edged closer, to better hear the conversation, he became aware of someone staring at him. He looked up into anthracite eyes, into a gaze as sharp as that of any bird, set in the lean face of a thirty something man thinner than a winter-starved crow..Maybe every accidental death was suspicious to Vanadium. His obsessive hounding of Junior might be his standard operating procedure..Agnes could almost visualize the three-dimensional geometric model that her little prodigy had created in his mind, which he now relied upon to reach the upper floor without a serious stumble. Pride, wonder, and sorrow pulled her heart in different directions..was trying her best to ensure the health of the baby while still remaining slim enough to avoid suspicion..Junior was impressed and delighted by her clever assumption of it strictly professional voice and demeanor, which convincingly masked her intense desire. Sweet Victoria was a worthy coconspirator..The white Buick glided through the tides of fog like a ghost ship plying a ghost sea..As instructed earlier by phone, Junior purchased a large box of Raisinettes and a box of Milk Duds at the refreshment stand, and then he sat in one of the last three rows in the center section, eating the Milk Duds, grimacing at the sticky noises his shoes made when he moved them on the tacky floor, and waiting for Google to find him.
