Her feet and legs and hands were bare and dirty, her skirt and jacket disreputable. Her dirty toes and fingers were delicate and elegant, and a necklace of amethysts gleamed under the torn, buttonless jacket. Her mother, Tangle, made a good living by curing and healing, bone-knitting and birth-easing, and selling spells of finding,

love-potions, and sleeping-drafts. She could afford to dress herself and her daughter in new clothes, buy shoes, and keep clean, but it didn't occur to her to do so. Nor was housekeeping one of her interests. She and Rose lived mostly on boiled chicken and fried eggs, as she was often paid in poultry. The yard of their two-room house was a wilderness of cats and hens. She liked cats, toads, and jewels. The amethyst necklace had been payment for the safe delivery of a son to Golden's head forester. Tangle herself wore armfuls of bracelets and bangles that flashed and crashed when she flicked out an impatient spell. At times she wore a kitten on her shoulder. She was not an attentive mother. Rose had demanded, at seven years old, "Why did you have me if you didn't want me?" "Keep away. No! No! I beg you!". The Old Speech, or Language of the Making, with which Segoy created the islands of Earthsea at the beginning of time, is presumably an infinite language, as it names all things..industry..For Golden looked on the Art Magic with genuine humility as something quite beyond him -- not a novels. Each is a story in its own right, but they will profit by being read after, not before..a lioness, who shouldered him aside. There was a rumbling in his throat, a purr, not a roar. The.cool of it rising between his toes. He still like to go barefoot, but no longer enjoyed mud; it."There was no place for him among the Masters, since a new Master Summoner had been chosen, a strong man in his prime, not likely to retire or die. Among the scholars and other teachers he had a place of honor, but he wasn't one of the Nine. He'd been passed over. Maybe it wasn't a good thing for him to stay there, always among wizards and mages, among boys learning wizardry, all of them craving power and more power, striving to be strongest. At any rate, as the years went on he became more and more aloof, pursuing his studies in his tower cell apart from others, teaching few students, speaking little. The Summoner would send gifted students to him, but many of the boys there scarcely knew of him. In this isolation he began to practice certain arts that are not well to practice and lead to no good thing..The Doorkeeper came back and said, "Come, Irian, and meet the Masters of Roke." Her heart began to.Master Hemlock's house and presence. He felt a little dead. Not dead, but a little dead..After him Otter climbed the winding stairs, broad at first but growing tight and narrow, passing vapor chambers with red-hot ovens whose vents led up to refining rooms where the soot from the burnt ore was scraped down by naked slaves and shoveled into ovens to be burnt again. They came to the topmost room. Gelluk said to the single slave crouching at the rim of the shaft, "Show me the King!". He sat up. The dark sea was so quiet that the stars were reflected here and there on the sleek lee side of the long swells. Oared galleys seldom went out of sight of land and seldom rowed through the night, laying to in any bay or harbor; but there was no moorage on this crossing, and since the weather was settled so mild, they had put up the mast and big square sail. The ship drifted softly forward, her slave oarsmen sleeping on their benches, the free men of her crew all asleep but the helmsman and the lookout, and the lookout was dozing. The water whispered on her sides, her timbers creaked a little, a slaves chain rattled, rattled again.."Simply as I protect myself," the wizard said; and after a moment, testily, "The bargain, boy. The power we give for our power. The lesser state of being we forego. Surely you know that every true man of power is celibate.." "Take your shoes off," she said, "they're soaking. Come in then." She stood aside and said, "Come.laughed, but the old people said, "Look out. Take care. Keep hidden..the silence of the mother darkness into his mind.." "They say," said Ayo from the shadows, "that there's an island where the rule of justice is kept as it was under the Kings..Irian stood silent too, but her hope sank down, replaced by a sense of shame and utter insignificance. These were brave, wise men, seeking to save what they loved, but they did not know how to do it. And she had no share in their wisdom, no part in their decisions. She drew away from them, and they did not notice. She walked on, going towards the Thwilburn where it ran out of the wood over a little fall of boulders. The water was bright in the morning sunlight and made a happy noise. She wanted to cry but she had never been good at crying. She stood and watched the water, and her shame turned slowly into anger.." "The one," Rose said. As suddenly as the ewe had walked off, she went into her house. Dragonfly.He looked at the dark water. It reflected nothing..But a year or so later he saw Diamond out in the back garden with his playmate Rose. The children were squatting on their haunches, heads close together, laughing. Something intense or uncanny about them made him pause at the window on the stairs landing and watch them. A thing between them was leaping up and down, a frog? a toad? a big cricket? He went out into the garden and came up near them, moving so quietly, though he was a big man, that they in their absorption did not hear him. The thing that was hopping up and down on the grass between their bare toes was a rock. When Diamond raised his hand the rock jumped up in the air, and when he shook his hand a little the rock hovered in the air, and when he flipped his fingers downward it fell to earth.." "I am not ashamed," Irian said. She looked at them all. She felt that she should thank them for their courtesy but the words would not come. She nodded stiffly to them, turned round, and strode out of the room..been how long? Sixteen years, seventeen years. Nobody would know him, nobody would remember the." "My place," she said, slowly, the words dragging, "my place is on the hill. Where things are what they are. Tell the dead man I will meet him there.." Golden chewed very slowly, his eyes on the table. Diamond had seen his father look like this when a forester reported an infestation in the chestnut groves, and when he found a mule-dealer had cheated him..the summoner's art goes straight to that. It's a wonderful thing to summon up the semblance and." "No. I don't. Rose wouldn't teach me. She said she didn't dare. Because I had power but she didn't." "Father, I don't want a party," Diamond said and stood up, shivering his muscles like a horse. He.All day he stayed near the Otter's House, keeping watch on Irian, making her eat a little with a fox. Her thoughts moved as quietly and easily as the breeze moved in the warm light..Night had come. Gift's lamp had flickered out. Only the red glow of the fire shone on Hawk's face..away from Master Hemlock, he began to think about Darkrose, and went on thinking about her and." "A sending - only a seeming of him. It could not hurt you, Irian.." "How clever you are," he said. "Have you found better ore than that patch you found first? Worth the digging and the roasting? ".the earth, reminding the wizards and mages that their power was not theirs, but lent to them..So the school on Roke got its first student from across the sea, together with its first librarian. The Book of Names, which is kept now in the Isolate Tower, was the foundation of the knowledge and method of Naming, which is the foundation of the magic of Roke. The girl Dory, who as they said taught her teachers, became the mistress of all healing arts and the science of herbals, and established that mastery in high honor at Roke.." "Did Nemmerle know you were coming to work with me? ".cultivation and discipline, which another man can give you better than I can." So does modesty.Among the Hardic-speaking people of the Archipelago, the ability to do magic is an inborn talent, like the gift for music, though far rarer. Most people lack it entirely. In a few people, perhaps one in a hundred, it is a latent, cultivable talent. In a very few people it is manifest without training..metal; at the intersections, hanging overhead, were shuttered lights, orange and red; they looked a.the dead of winter, and must go back alone? ". "But surely you can't tell? ".head, and saw the glow of the city on the clouds. I was surprised, for I had thought that I was." "Best come away," said the Master Windkey, his face set and sombre, his keen eyes troubled. He set. "Women can live chaste as well as men can," Dragonfly said
