peace. They saw the Rule of Roke established, though never so firmly as they might wish, and always against opposition; for mages came from other islands and rose up from among the students of the school, women and men of power, knowledge, and pride, sworn by the Rule to work together and for the good of all, but each seeing a different way to do it..this year the patterns of the shadows and the branches and the roots, all the silent language of..deceived him; but a few days later, he saw the child float up the stairs, just a finger gliding..regret her rash invitation, and I wanted to make things easy for her..took it and opened it, a face emerged, the mouth open, the lips slightly twisted, thin; it regarded..fulfilled. And in Havnor he set his crown on his own head..Again he paused. All at once he looked straight at Otter, who froze in terror thinking the wizard had caught him watching his mind. Gelluk stared at him a while with that curious half-keen, half-unseeing gaze, smiling. "Little Medra!" he said, as if just discovering he was there. He patted Otter's shoulder. "I know you have the gift of finding what's hidden. Quite a great gift, were it suitably trained. Have no fear, my son. I know why you led my servants only to the little lode, playing and delaying. But now that I've come, you serve me, and have nothing to be afraid of. And there's no use trying to conceal anything from me, is there? The wise child loves his father and obeys him, and the father rewards him as he deserves." He leaned very close, as he liked to do, and said gently, confidentially, "I'm sure you can find the great lode."..The witch listened, unable to resist the lure of secrets revealed and the contagion of passionate..doubt in the back room; he paid them no attention. "If they'll tell me, they can come in. And when.."So you put a spell on yourself," she said, "just as that wizard put one on you. A spell to keep..Another pause. Golden glanced over at his wife, who stood by the window listening in silence. Then he looked at his son. Slowly the mixture of anger, disappointment, confusion, and respect on his face gave way to something simpler, a look of complicity, very nearly a wink. "I see," he said. "And what did you decide you want?.."As he walked he thought; he thought hard; he recalled. He recalled all he could of matters his teacher had spoken of once only and long ago. Strange matters, so strange he had never known if they were true wizardry or mere witchery, as they said on Roke. Matters he certainly had never heard about on Roke, nor did he ever speak about them there, maybe fearing the Masters would despise him for taking such things seriously, maybe knowing they would not understand them, because they were Gontish matters, truths of Gont. They were not written even in Ard's lore-books, that had come down from the Great Mage Ennas of Perregal. They were all word of mouth. They were home truths..indignant, speaking more bluntly even than usual..an approaching green circle. I thanked them and stepped off the walkway, probably at the wrong..He looked from one sister to the other: the one so mild and so immovable, the other, under her..the doorjamb to keep on his feet.."Very well," said the Herbal, with his patient, troubled look; and he went aside a little, and knelt to look at some small plant or fungus on the forest floor..For a moment longer they held still; then the night wind blew across their naked shoulders, and shivering, they waded out, dried themselves as well as they could, struggled barefoot and wretched through the sharp-edged reeds and tangling roots, and found their way back to the lane. The best evidence in the poem for the common origin of dragons and humans is the archaic Hardic word in it that is commonly understood as "people" or "human beings," alath. This word is by etymology (from the True Runes Atl and Htha) "word-beings," "those who say words," and therefore could mean, or include, dragons. Sometimes the word used is alherath, "true-word-beings," "those who say true words," speakers of the True Speech. This could mean human wizards, or dragons, or both.
