slowly. "Yeah I could use being out and about for a few hours. Thanks for the tip." "I hung it in the hallway," Veronica said, getting up. She walked ahead and out the door while Mrs. Crayford waddled a few feet behind. "Don't bother bringing anything out, Celia," Veronica's voice called back. "I'll come back in for the things." .to survival: Only time matters. The longer he stays free and hidden, the less likely that he will ever be. Celia took a quick breath, held it for a moment, and then lifted her face toward him. "Very well. I've seen what happened to the corporal and to Padawski. The Chironians retaliate against whomever they perceive as the cause of hostility directed against them. If the evictions are enforced. They crossed the machinery compartment in the direction the others had taken, passed through an instrumentation bay, and ascended two flights of steel stairs to reenter the Government Center proper behind offices that had been empty since the end of the voyage, using a bulkhead hatch that Colman and Driscoll had opened on their way down. There was no sign of the others who had gone ahead. Here the group split three ways. From a pocket of his jeans, he extracts a crumpled wad of currency, including the remaining proceeds. The capacity of the complex itself took account of long-range-demand forecasts and. more than outstripped the current requirements of the industries scattered around the general area. Its primary power source was a one-thousand gigawatt, magnetically confined fusion system which combined various features of the tokamak, mirror, and "bumpy toms" configurations pioneered toward the end of the previous century, producing electricity very efficiently by blasting high-velocity, high-temperature, ionized plasma through a series of immense magnetohydrodynamic coils. In addition, the fast neutrons produced in copious mounts from this process were harnessed to breed more tritium fuel from lithium, to breed fissionable isotopes of uranium and plutonium from fertile elements obtained elsewhere in the same complex, and to "burn up" via nuclear transmutation the small mounts of radioactive wastes left over from the economy's fission component, the fuel cycle of which was fully closed and included complete reprocessing and recycling of reactor products. More black than white, its coat a perfect camouflage against the moon-dappled oil, the dog sprints out. "We should have mentioned it," Murphy said. "Bring one along. A forty-five or something like that would be best, if you've got one." She slipped into white shorts and a sleeveless Chinese-red blouse. "Well," he lied, "I'm not hiding anything under this one except a yellowed undershirt I should've thrown. the gloom, drew taut with shock; the startled eyes flared so wide that white shone around the full. "He's a broad-spectrum, three-hundred-sixty-degree, inside-out, all-the-way-around, perfect, true, and. "Certainly not wit." Along with most of his generation he had been fired by the vision of the New Order America that they were helping to forge from the ashes and ruins of the old. Even stronger than what had gone before, morally and spiritually purer, and confident in the knowledge of its God-ordained mission, it would rise. again as an impregnable sanctuary to preserve the legacy of Western culture from the corrosive flood of heathen decadence and affluent brashness sweeping across the far side of the globe. So the credo' had run. And when the East at last fell apart from its own internal decay, when the illusion of unity that the Arabs were trying to impose on Central Asia was finally exposed, and when the African militancy eventually expired in an orgy of internecine squabbling, the American New Order would reabsorb temporarily estranged Europe, and prevail. That had been the quest. politics? helping troubled youth, turning their lives around. "sort of the way college students go to Fort Lauderdale every spring break. And isn't it amazing, really, kept her pedigree in her purse and never flashed it, as did so many others of her economic station. Bernard decided to play along to see what happened. "I'm sorry-how do you mean, last time? I must be missing something." "Spike it with what, dear?" "Don't I?" the robot replied. The atmosphere generally was cheerful enough: entertainments, what appeared to be business premises, a few bars and eating places, an art exhibition, and, incongruously, a troupe of clowns performing, mid-corridor, to a delighted audience. In one place a collection of dressmaking machinery was at work behind a window, whether for production or, as a demonstration of some kind was impossible to tell. "Who was that?" Jean gasped, her eyes wide with disbelief. surprise ready for the doctor. Not much physical strength was required to pull a trigger. woman she'd encountered earlier would not only accept such a story but might as easily be convinced. magic or money, not with force or doctors or laws or sweet talk, nobody EVER the boss of me!" someone's name gives you power. Colman thought about the briefings he had attended recently on the offensive tactics for seizing key points on the surface of Chiron in the event of hostilities, and the intensive training in antiterrorist and counterterrorist operations that had been initiated. The speech reminded him of the old-time slave ships which arrived carrying messages of brotherhood and love, but with plenty of gunpowder kept ready and dry below decks. Was it possible for people to be conditioned to the point that they believe they are doing one thing when in reality they are doing the exact opposite, and to be blind to the contradiction? He wondered what the Directorate might have found out about Chiron that it wasn't making public. of a predator, it couldn't have been scarier if it had been a massive python or a full-grown rattlesnake. "Boy, I've never seen a place like this." "The ship's changed a lot since then though," Colman remarked. "I noticed it the day we flew down to it from the Mayflower II soon after we arrived . . . when Shirley and Ci met Tony Driscoll. The front end must be at least twice as big as it used to be." life is all one long playtime. But it's not really their fault because they're not really people like us." The conviction was widespread even though the Mayflower II's presiding bishop was carrying a special ordinance from Earth decreeing that Chironians had souls. Jean realized that she had left herself open to misinterpretation and added hastily, "Well, they are people, of course. But they're not exactly like you because they were born without any mothers or fathers. You mustn't hate them or anything. Just remember that you're a little better than they are because you've been luckier, and you know about things they've never

had a chance to learn. Even if we have to be a little bit firm with them, it will be for their own good in the end." to other than himself. Hell, it was like driving a Mercedes-Benz.. "We'll use candles later." Sirocco marched smartly through the connecting ramp into the Kuan-yin, where he stepped to the left and snapped to attention while Colman and Hanlon led the guard sections by with rifles sloped precisely on shoulders, free hands swinging crisply_ as if attached by invisible wires, and boots crashing in unison on the steel floor plates. They fanned out into columns and drew up to halt in lines exactly aligned with the sides of the doorway.
